

Coaxial Switches up to 50 GHz

TECHNICAL SPECIFICATIONS

- **Frequency Range**
DC to 50 GHz continuous coverage
- **Switch Types**
SPST (Single-Pole Single-Throw) and SP18T (Single-Pole 18-Throw) configurations
- **Connector Interfaces**
SMA and other standard RF connectors
- **Switching Speed**
Fast electromechanical actuation
- **Form Factor**
Compact design optimized for space-constrained installations
- **VSWR Performance**
Minimized insertion loss across frequency spectrum
