

DIN 7/16 Adapters up to 7.5 GHz

TECHNICAL SPECIFICATIONS

- **Frequency Range**
DC to 7.5 GHz
- **Connector Type**
DIN 7/16 (male and female)
- **Impedance**
50 ohm
- **Configuration**
Straight and right-angle geometries
- **Mounting**
4-hole panel mount options available
- **Interface Compatibility**
Adapter versions to N-type and alternative standards

APPLICATIONS

Telecommunications:
Infrastructure connectivity and
transmission line assemblies

Test & Measurement: Multi-
connector compatibility in
laboratory setups

SATCOM & Defense:
Standardized European
connector interfaces

Industrial RF: Cable harness
assembly and system integration
