

# Horn Antenna 25-31 GHz Dual Polarized

## TECHNICAL SPECIFICATIONS

- **Frequency Range**  
25-31 GHz
- **Antenna Gain**  
15-19 dBi
- **Polarization**  
Dual polarized configuration
- **Connector Type**  
2.92mm interface
- **Form Factor**  
Horn antenna design

---

## APPLICATIONS

5G & Telecommunications: FR2 millimeter-wave communication systems, performance validation, and polarization diversity testing

Test & Measurement: Antenna characterization, radiation pattern analysis, and mmWave measurement setups

Wireless Links: Point-to-point communication evaluation and link budget testing

Automotive: Radar testing, automotive communication systems, and mmWave sensing applications
