

WR6 Coupler 110-170 GHz

TECHNICAL SPECIFICATIONS

- **Frequency Range**
110–170 GHz (full D-Band coverage)
- **Waveguide Standard**
WR6 architecture
- **Coupling Options**
3 dB, 6 dB, 10 dB, 20 dB, 30 dB configurations
- **Coupler Variants**
Single directional and dual directional versions
- **Port Configuration**
Single-port and 4-port models available
- **Extended Range**
Additional waveguide coupler models up to 325 GHz on request
